

Schüco ADS 65

Aluminium Door System

Schüco ADS 65

Schüco door ADS 65 RL
(Residential Line)

Schüco door SL (Soft Line) with
rounded leaf contours

The Schüco Door ADS 65 is suitable for economical entrance solutions in conjunction with very good thermal insulation. Optional fittings allow it also to be used as a multi-purpose door and integrated in the building security and building management system. The modern design - for example, in the SL (Soft Line) version with rounded leaf contours - provides numerous design options for the building envelope.

Product benefits

Schüco ADS 65

- U_f value of maximally 2.2 W/(m²K)
- 147mm face width
- Barrel hinge, infinitely adjustable in three dimensions
- Almost flush-fitted rosette
- Burglar resistance up to RC3 (WK3)
- Max. leaf weight 150kg
- Max. 500,000 test cycles in accordance with DIN EN 12400

Fabrication benefits

- Can be integrated in Schüco Facade Systems
- Use with systems in Schüco AWS series
- Use of identical components for different basic depth to reduce the number of components and to simplify logistics and storage
- Range of fittings tailored to the individual series
- Adjustable sill

Technical data

Test	Standard	Value
Thermal insulation	DIN EN 1077-2	Value in W/(m ² K) maximally 2.2
Burglar resistance	DIN V ENV 1627	RC3 (WK3)
Air permeability	DIN EN 12207	Class 2
Watertightness	DIN EN 12208	to Class 5A
Wind resistance	DIN EN 112210 ¹	to Class 3
Mechanical loading	DIN EN 13115	to Class 3

¹The amount of deflection will depend on the profile

Schüco ADS 65

As a leader in innovation for system-based construction, Schüco aluminium door systems combine the highest standards in terms of energy safety, security and design with market-specific requirements.

Schüco – System solutions for windows, doors and façades

Based in Bielefeld, the Schüco Group develops and sells system solutions for windows, doors and façades. With 6330 employees worldwide, the company strives to be the industry leader in terms of technology and service both now and in the future. In addition to innovative products for residential and commercial buildings, the building envelope specialist offers consultation and digital solutions for all phases of a building project – from the initial idea through to design, fabrication and installation. Schüco works with 10,000 fabricators and 30,000 architectural practices, as well as construction professionals who commission buildings around the world. Founded in 1951, the company is now active in more than 80 countries and achieved a turnover of 1.995 billion euros in 2021. For more information, visit www.schueco.com
