

Aurora Centre, 56 The Terrace, Wellington
Architect: Warren & Mahoney/Studio Pacific
Main Contractor: LT McGuinness

YOU DESIGN SPACES AROUND PEOPLE'S LIVES. WE DO THE SAME WITH FAÇADES.

Thermosash building envelopes are engineered to provide a comfortable quiet environment, managing light and thermal efficiency, whilst maximising views and occupier satisfaction.

Select a façade manufacturer for your next project that can specifically engineer the façade and glass solution to meet your performance requirements.

Specify the Thermosash range of Unitised™ curtainwall, commercial windows, shop fronts, sliding doors, bespoke external elements and seamless integration of seismic design for your next all-encompassing project.

Locally testing, manufacturing, installing and standing behind our façade systems since 1973.
