LOW CARBON EMBODIED. GREEN STAR CERTIFIED. THERMOSASH DELIVERED.

The 5 Star Green Star accredited projects at 40 and 44 Bowen Street in Wellington's CBD feature Thermosash's DecarbAL™. The ultra-low carbon aluminium unitised curtainwall delivers high performance resilience against seismic activity and weather, while optimising energy efficiency and user comfort. The historic Waipiro Stream inspired the cascading tiers of glazed glass – a stunning blend of innovation and sustainability that delivers on aesthetics and credentials.

Talk to us about how we maximise your Greenstars and improve your next buildings operational cost by incorporating Thermosash Façade Modelling.

We believe a Thermosash Façade solution makes your building better, speeds up your enclosure programme, saves you time and reduces your risk.

Locally engineering, testing, manufacturing and installing façade systems since 1973.
