

Thermosash

BUILDING ENVELOPE SOLUTIONS™

IF YOU'VE GOT THE VISION, WE'VE GOT THE KNOW-HOW

There are good reasons why many of New Zealand's most significant buildings were constructed in conjunction with Thermosash. It's our expert design service and the versatility of our unitised panels which offer superior building design flexibility in one simple façade solution.

Glass, non-vision solid panels, thermal insulation and Thermosash Shadegrade™ sun shades, combine to deliver an architectural vision few other companies can deliver.

Designed, manufactured and independently accredited for New Zealand's tough environmental conditions and seismic standards, Thermosash makes building beautiful easy.

Learn more about the full range of services Thermosash offer and find out how we can bring your vision to reality.
