## RESILIENT FACADES STRONG / TOUGH / ADAPTABLE / FLEXIBLE

Over the last 5 years across New Zealand, the construction industry has been seismically tested again and again by one of nature's most powerful forces.

Specify the Thermosash range of Unitised™ curtainwall, commercial windows, shop fronts, sliding doors and seamless integration of bespoke external elements - all independently seismically tested over the last 29 years.

One less thing for you to worry about.

**Locally testing, manufacturing and installing high performance engineered façade solutions since 1973.**
