

Nelson Airport, Nelson – Studio Pacific Architecture / Naylor Love / Woods Glass
Thermosash PW1000 / Delta Commercial

MAKE YOUR CONNECTION

Engineered high-performance curtainwalls allow people to connect with the natural world, each other and environments that may otherwise be unsafe.

Our pressure-equalised unitised engineered solutions offer superior airtightness, thermal comfort, acoustic attenuation and tested weathertightness – bringing the view in, keeping the weather out and making safer connections.

Specify Thermosash – we believe it simply makes buildings better.
