

THE PRINCIPLE IS THE SAME...

Be it curtainwalls, unitised panels, commercial windows, shop fronts or integrated solar shading the prefabrication of specific design envelope solutions ensures the timely manufacture and installation of engineered product... and we make sure they all fit together seamlessly.

We approach the building envelope not as pieces and parts, instead we collaborate with the design teams, we engineer, test, locally manufacture, glaze and install - all since 1973.

Made right here - your New Zealand building envelope solution provider.
