

ASB, North Wharf Auckland - Fletcher Construction / Jasmox / BVN

CAPACITY. CAPABILITY. CONFIDENCE.

Over the last 2 years at Thermosash Group we have increased our **capacity** with an additional 19,600m² to our office, manufacturing and storage space, doubled our assembly and project teams and supported our production and site teams with some of the most advanced manufacturing and installation equipment available in the international façade market.

Our **capability** to deliver projects via our teams' advanced skillsets brings local and international in-depth knowledge of façade design, structural and thermal engineering to your project - providing international best practice façade solutions.

With increasing complexity in façade technology - specify with **confidence** a team with a proven track record of managing the risk of delivering your next façade project.
