

FAMILY IS IMPORTANT... MEET OURS

Thermosash was founded in 1973 by Laurie Hayes – 47 years later it is still a family business, guided by enduring family values.

Our vision and people-first guiding principles means that we care for our team and customers, and deliver quality, environmentally sustainably-sourced, New Zealand made product.

Over the years we have developed our own extensive family of suites. Our Unitised™ curtainwall, commercial windows, shop fronts, sliding doors and bespoke integrated external and rainscreen elements ensure a world class façade and glass solution to realise your vision. Our high performance facades speed up your enclosure programme, save you time and reduce your risk – it just makes more sense.

Locally engineering, testing, manufacturing and installing world-class façade systems since 1973.
